

## PROJECTOR / LED SEARCH LIGHT SSD06

### TECHNICAL SPECIFICATIONS

Operating Voltage	10VDC - 30VDC
Nominal Voltage	12VDC / 24VDC
Current Consumption	50Watt
Dome Color	Black body
LED Color	White
Lens Color	Transparent
Flash Frequency	Fixed
Number of Flash Patterns	Fixed
Synchronization	
Special Features	Mechanism capable of rotating 120° up and down and 360° left and right
Interface	Controlled via remote control
Cable Length	
Mounting Type	
Length	480mm
Width	530mm
Height	500mm
Weight	2.4kg
Protection Rating	
Approvals / Certifications	
LED Lifetime	50,000 hours
Operating Temperature	-40 °C ~ 65 °C
Warranty Period	2 years
Applications	Suitable for indoor, outdoor, and general illumination

### ADVANTAGES

- PC lens with high heat resistance and transparency
- Mechanism allowing 120° vertical and 360° horizontal rotation
- Remote control operation
- Light Source: High-power LED
- Warranty Period: 2 years
- Areas of Use: Security, Police, Gendarmerie, Search & Rescue, Disaster Response
